

## YOU ARE CORDIALLY INVITED TO THE 19<sup>th</sup> LUWEX HUFSYMPOSIUM

07<sup>th</sup> – 08<sup>th</sup> October 2016

AT THE CONGRESS CENTER AMBERG

I'll do it my way.....

Dear Farriers and Veterinarians,

after 18 years at Kreuth we decided to turn a page which is why the 19<sup>th</sup> LUWEX will take place in AMBERG – a modern former elector's garrison- from 7<sup>th</sup> to 8<sup>th</sup> October this year.

You know the way things were for the past years and we wanted to change that. So we decided to use one of the most modern congress centers in Bavaria for the 19<sup>th</sup> LUWEX.

We had a test run in 2014 with Prof. Dr. Chris Pollitt's master seminar and it was a successful and very harmonically event in every aspect with very good catering, too.

If you want you can first arrive on Thursday and we will meet as usual for good food and music – in addition the [Congress Center Amberg](#) is located in the city center so you can sneak off and do a pub crawl if you like.

Luckily, there are at least 15 interesting pubs and 20 charming restaurants in the vicinity.....

During the past 10 to 15 years we talked a lot about statics, ground conditions, footing patterns, open toe shoes, egg bar shoes, bars, padding etc., etc. This year we will concentrate on these topics and try to investigate or even proof them scientifically. Because of this I invited the two leading scientists in Europe Prof. Dr. Renate Weller/ RVC London and Dr. Jenny Hagen/ Leipzig University. Both have done extensive research on these topics.

I believe it will be one of the most interesting meetings ever.... It may be a challenge for the younger participants, but ambitions are necessary for progress after all.

So be excited for the **new** and **different LUWEX 2016** –with charm and niveau.

\*\*\* **Important for veterinarians:** 11 ATF-hours will be awarded for this event.
